WARNING

 COMPULSARY	We recommend that those with any of the following conditions should consult a doctor before using.
	1. Those who are using electronic medical instrument imbedded in the body, such as cardiac pacemaker etc.
	2. Those that are being treated by doctors, especially those who feel uncomfortable.
	3. Those who are malignant tumor patients, heart disease patients, acute patients.
	4. Women who are pregnant or menstruating.
	5. Those with osteoporosis or fracture spine.
	6. Those with skin disease or those whose skins are injured.
 PROHIBITED	7. Those whose body temperature is over 38 degrees (Febrile Phase).
	Do not allow the mentally disabled to use the chair alone. (It is OK under supervision)
	Do not allow children play on massage chair.
	Do not allow more than one person to use this massage chair at a time.
	If the power cord or power plug becomes damaged in any way you must disconnect from the mains supply immediately and consult an authorized service engineer for repair or replacement.
 NO DISASSEMBLY	Do not damage, process, excessively bend, pull hard, twist or knot power cord.
	Juveniles are not allowed to use this product.
	Anyone else, except maintenance personnel specified by our company, should not disassemble, maintain, or remodel this massage chair. If any problem, please contact local dealer immediately.

TROUBLE SHOOTING

No.	Problem	Possible Cause	Solution
1	The sound “Xu Xu”, “Ta Ta” is heard.	It is a normal sound made by the working motor or the sound is produced when the massage ball is rubbed against the cloth cover.	It is normal and no need for treatment.
2	The machine can not be started up.	The power supply plug is detached.	Insert the power supply plug into the socket again.
		The power supply switch is not turned on.	Turn on the switch
3	The airbag installed at seat cushion or legrest can not work.	The fuse of massage chair blew out.	Replace a new one with the same mode
		To check whether there is air tube blockage.	To clear the air tube

If abnormal phenomenon still remains after above measures have been taken to the massage chair, please contact local distributor for repair and maintenance.

Note: Do not dismantle the product by yourself, and our company shall shoulder no responsibility to the damage of the product or the injury of people caused by improper use! Thanks your cooperation.

▶ PRODUCT STORAGE AND MAINTENANCE

Maintenance

- ▶ Please twist the cotton cloth which has been dipped in neutral detergent before wiping the back cover, hand rest, legrest, air tube and some other plastic components, then use a dry cotton cloth to wipe them again.
- ▶ Use dry cloth to wipe the controller, DVD, and power supply box.
- ▶ Use a piece of cloth that has been dipped with neutral detergent to wipe the back cushion and pillow, then use a piece of wet cloth to wipe them, and finally put them to a well-ventilated place for natural drying.

Caution

- ▶ Make sure to pull out the power supply plug firstly before maintenance. Do not use wet hands to pull out the plug to avoid electric shock. When clean the back cover, please be cautious of detergent entering into the power supply box!
- ▶ Do not iron the upholstery.

Storage method

- ▶ Wipe off dust and dirt from the product after use, if the product is not to be used for a long period of time, please cover the product with a dust cover (self provided).

Caution

- ▶ Do not store the product under direct sunlight or in places of high temperature. This may cause the color of the upholstery to fade.

Kind reminding

During daily use, please check whether the following symptoms exist:

- ▶ Scorched smell exists.
- ▶ When touch the wire, the power is on, but sometimes off.
- ▶ The power supply cord is hot.
- ▶ Other abnormal symptom

Caution

- ▶ Please stop using the massage chair to avoid breakdowns and accidents occurring if any above symptom exists.
- ▶ Turn off the power supply switch and pull out the power supply plug, and then contact the local distributors or headquarters for repair and maintenance.
- ▶ Except all the normal operation and maintenance mentioned above, any other repair and maintenance can only be operated by our authorized dealer or service agent.

▶ SAFETY PRECAUTIONS

CAUTION

► Auto mode

When electricity is connected, press power button, LCD is on. Press auto to enter auto program menu, you can choose sports refresh, extension, rest& sleep, working relief, neck&shoulder or waist&spine according to your own body state and massage time. (See the menu picture below)

Sports refresh: This is designed for the muscles after sports activities and exercise. It can ease and relax muscles after intense exercise, especially promote the body circulation system to improve the muscle recovery after exercise.

Extension: This massage comes from Thai massage. the strong kneading and stretch of the body can effectively stretch legs, waist and other parts, and it is the best choice to relax tired muscles and increase physical vigor.

Rest and sleep: To improve the quality of lunch break and sleep; The mild massage kneads body parts from heavy strength to light one, from light to no strength to relieve tired body gradually.

Working relief: This is an exclusive program for white collars, who work long time at desk and often make business trip, it can ease muscles and recuperate body.

Neck and Shoulder: To relieve neck and shoulder pain symptom. 80% of the massage time will focus on the neck and shoulder. The curve design of the chair backrest makes the massage rollers completely touch the shoulder and neck. So it can effectively relieve your fatigue of these parts.

PREPARATION BEFORE USING

Step 3 Installation of leg massage shelf

- Insert the leg connection wire plug to its jack.
- Connect air tube from the leg massage shelf with its port on the seat shelf.
- Aim the coupling shaft port on the leg massage shelf to the coupling shaft on the seat and fasten them with one screw each side.
- Paste the folding PU cover on the leg massage shelf with linking tape on the cloth of the seat.

PREPARATION BEFORE USING

- Make sure the 4 connection sticks completely inserted into the eccentric joints, then use cross screwdriver to fasten the armrest by turning 180° clockwise. (The sharp point on the eccentric joint shall point downward “⊕”) It is the same installation method for the other armrest.

- The connection of armrest locks with backrest.
Hold up the rear part of the armrest, push inward to let the gap of armrest lock aim at armrest spindle, then push the armrest to fasten them together. (Press downward the handle of the lock to unlock armrest and backrest)

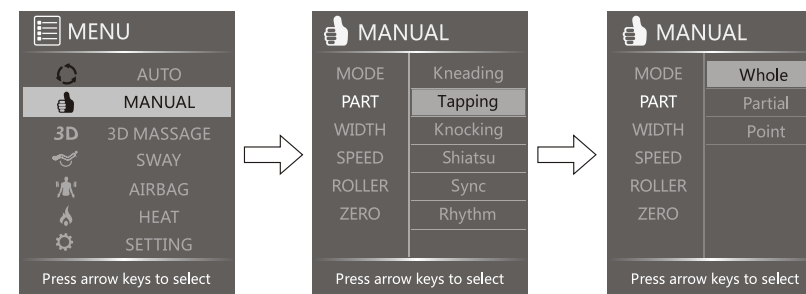

NAME AND FUNCTION OF EACH COMPONENT

Waist and Spine: To relieve the pain of lumbar vertebra. 80% of the massage time will focus on the lumbar vertebra and the rollers will conduct specific massage to relieve the sense of tension and keep the health of this part.

► Manual Programs:

Press Menu button, choose Manual and press it to enter manual programs. Press up or down button to choose mode, part, width, speed, roller or zero.

Mode: Under mode function, press right button first, then press up or down button to circulation choose massage manipulation of kneading, tapping, knocking, shiatsu, sync, or rhythm.
