Please read SAFETY INSTRUCTIONS carefully before using the chair.
Presidential Massage Chair
Function Introduction

1. Infinity Presidential features a new patented soft 3D massage mechanism. It is capable of reproducing kneading, knocking, shiatsu, and fast rubbing back massage like a live professional massage therapist.

2. The actual massage rollers are heated so they can perform heat massage on the neck, shoulder, and neck. Helps relax stressed muscles and promote blood circulation.

3. Super long rail design allows for multi-angle massage from neck to thigh. Amazing whole body massage!

4. Chair moves forward before massage, allowing you to put the chair close to the wall. Saves space and looks great!

5. One button puts the chair in full zero gravity or lie flat position, allowing you to relax your mind and body completely.

6. Ergonomic remote control uses a beautiful high definition LCD to show massage area, massage techniques, and system status in real time. Allows for easy selection of customized massage programs.

7. Chair is equipped with state of the art bluetooth technology allowing the option of operating the chair with phone or tablet and not using the remote at all.

8. Bluetooth wireless music player integrates music player technology with massage technology. This allows the massage to sync with your music allowing a personalized experience with every massage.

9. With omnibearing rollers, air pressure massage function, and foot heating system, your daily stress will melt away.

10. Armrests are equipped with pulse air pressure massage to promote blood circulation in the arms and relaxation.

11. Equipped with multiple sets of airbags in the waist and hip area.

12. Footrest can extend over 7 inches allowing for comfortable massage for different height people.

Bluetooth function: 1. download the Infinity APP from to the smart phone or tablet PC; 2. turn on the Bluetooth function at the smart phone or tablet PC; 3. choose Infinity and connect it; 4. open the APP, then you can control the massage chair just like a remote control.

Bluetooth wireless music: After you connect smart phone or tablet PC with the chair, open the music player software, then you can play the music.
Please read this manual carefully to make sure the installation and operation of the massage chair is correct.

“Safety Instructions” is provided in both Warning and Caution for important safety information.

**Safety Instructions**

**Warning**
- This sign indicates warning of causing personal injury.

**Caution**
- This sign indicates possibility of damage to the chair.

**Symbol meaning**

- This sign indicates forbidden behavior.
- This sign indicates self disassembly is forbidden.
- This sign indicates must follow instruction to operate.
- This sign indicates correct operation of cable.

- The following should be kept for any further references.

---

**Preparation**

- Power cord, plug, socket can't be used in broken or loose contact condition.
- Don't use other electric power except rated voltage in case of fire, electric shock or any breakdown.
- Any broken, repaired, knotted, twisted power cord should be disposed of and replaced.
- It is prohibited to use the massage chair while any items covered the massage chair ventilation holes.
- Massage cushions of the chair are not allowed to fold for storage.
- The machine is forbidden for no-load running for a long time.
- Power cord, plug, socket can't be used in broken or loose contact condition.
- Don't use other electric power except rated voltage in case of fire, electric shock or any breakdown.
- Any broken, repaired, knotted, twisted power cord should be disposed of and replaced.
- If the chair works dysfunctional, or is broken, splashed with water or falls into water, please have it repaired by a professional repairman or send the chair to assigned service agent. Self-modification, disassembly or maintenance is forbidden.
- If power cord or plug is damaged, please don't replace it yourself, please contact us or appointed dealer for replacement.
- To avoid electric shock or bodily harm, please don't open or disassemble any part of the chair, there is not any attached part of the chair for maintenance by customers.
- Check to see if leather or cloth material on the back and other areas is broken or not. If broken, even though it is small, please stop using the chair, unplug the power and have it repaired.

**Warning**

- Osteoporosis patient.
- People with heart disease including embedded pacemaker or other medical electronic device inside the body.
- For pregnant women or people with health problems, please consult doctor before use.
- Patients with a high fever forbid to use this machine.
- Children should not use this chair.
- Please don't sleep in the chair.
- Do not use this chair when intoxicated.
- Make sure there are no kids or pets or other objects around (under, behind or in front of) the chair at the moment of backrest, leg-rest up/down or leg-rest retraction/extension from reclining position.

- Those who move around difficulty or can’t express themselves must be taken care of strictly and continuously during massage.
- Massage cushions of the chair are not allowed to fold for storage.
- The machine is forbidden for no-load running for a long time.
- If the chair works dysfunctional, or is broken, splashed with water or falls into water, please have it repaired by a professional repairman or send the chair to assigned service agent. Self-modification, disassembly or maintenance is forbidden.
- If power cord or plug is damaged, please don't replace it yourself, please contact us or appointed dealer for replacement.
- To avoid electric shock or bodily harm, please don't open or disassemble any part of the chair, there is not any attached part of the chair for maintenance by customers.
- Check to see if leather or cloth material on the back and other areas is broken or not. If broken, even though it is small, please stop using the chair, unplug the power and have it repaired.
Safety instructions

Preparation

To avoid leakage or electric shock.
- To avoid accidents or injury.

Don’t use or store the chair in the wet environment like nearing the swimming pool, or bathroom.
- Keep the chair and remote control dry all the time.

Caution

- Make sure the back lying.
- Give your body time to recover.

Don’t use plug adapter (If the enclosed plug doesn’t match with socket, please don’t change the plug by yourself and find a professional electrician to install a matched socket.)
- To avoid electric shock.

To avoid electric shock in any leakage or breakdown.

- To reduce short circuits and any fire hazard.

Installing earth wire in correct way.
- The plug must be inserted into socket with earth ground.

Remote control should be put in the pocket when not in use.
- To avoid accidental injury.

Make sure the plug completely insert into the socket.
- To avoid electric shock.

Making sure pockets are empty when massaging.
- To avoid accidents or injury.

Checking whether any damage on wire, make sure no water or damage on wire.
- To avoid accidents or injury.

Don’t use the chair outdoors.
- To avoid fading and discoloration on upholstery or hardening on PU.

Earth wire is not allowed to be in these places
- Gas pipe: Could cause fire.
- Phone wire and lightning rod: probably cause electric shock and fire.
- Water pipe: Plastic will not provide correct ground.

Installation

Step 1. How to move the chair
① Take the chair out of the carton box including the chair body, back seat pad, pillow, power cord, remote control and control pocket. (As the photo shows)

Two people grasp left and right seat metal frame, then take the main body of massage chair out of the box.

② Take the left, right armrest from the armrest carton box. Catching the two side of the armrest and take them out slowly. (The armrest is placed upside down in the box): put the armrest on the table or ground in flat (pay attention to prevent scratches), Catch the left and right two sides from the front of armrest and take it slowly.

Step 2. How to assemble the legrest
Install the legrest to the main body. ① Unscrew the bolt on the hanger of the legrest.
② Connect the legrest’s air hose with the corresponding air nozzles of the main body tightly.
③ Connect the two power cables’ plug to the socket tightly, pay attention to the color and direction, black to black one, white to white one.
④ Install the rotation shaft bushings, raise the rotation shaft bracket on hangers, raise the legrest with hands, put rotation shaft into hangers on main body, and put rotation shaft bracket down.
⑤ Screw it back tight.
⑥ Connect the legrest leather piece with seat by velcro.

Legrest device
**Step 3. How to assemble the left and right armrest**

Lift the front side of armrest and plug it into the rotating stand on the side of chair body. Connect the air hose of armrest with the air tubes on the side of chair body tightly. Black air tube should be connected with air hose marked with No. 1 and grey air tube with air hose marked with No. 2. Plug the power cord on the side of chair body into the socket of armrest in the right direction. ①Insert the rear side fixing plate into the fixing hole behind the chair body, and press the armrest downwards gently. ②Remove the rubber plug of armrest inner plate. Fix the screws inside the hole tightly, then put on the rubber plug tightly. ③Assemble the other armrest according to the above steps.

**Tips**

- Don't squeeze air tube or power cord during the installation procedure.
- How to disassemble the armrest. ① Adjust the back-rest to the lowest and restore the leg-rest before disassembly. ② Remove the rubber plug inside the armrest and loosen the screw inside the hole. ③ Tilt the armrest a little upwards and disconnect the air tubes and power cord. ④ Continue to tilt the armrest upwards to dismantle it. ⑤ Insert the rubber plug into the round holes inside the armrest.

**Step 4. Fix the back seat pad, pillow and remote control pocket**

Put the back seat cushion, head pad onto the backrest and connect the two parts with zipper and velcro.

**Tips**

- In order to get exact correct body test data for comfortable massage effect, when you sit on the chair, please make the bottom rim of the head pad flush with your ears before zipping the said two parts.

**Step 5. Restore the chair.**

① Plug the cable line in the hole a on the power box as shown in the right picture.

② Insert the plug of cable line into the socket.

③ Turn on the switch behind the power box. (Switch on/off "Off", press I down to turn it on)

④ Press on/off button on the control twice to restore the chair. The chair will return to its initial state. Select the massage function by control or ipad. Enjoy the relaxing and pleasant massage.

⑤ In ON status, the USB port can be used for charging mobile.

Make sure the switch is off before you insert the plug of cable line into the socket.
Environment

**Caution**
- Don’t use the chair in wet places like near swimming pool, bathroom to avoid leakage or electric shock.
- Don’t use under sunlight or near stove or other heating device to avoid upholstery deterioration.
- Please use chair in flat place to avoid chair falling or noise or other unexpected trouble.

**Check places in front**
Check the areas where the back and leg are extending. Make sure no people, pets or other things are around.

**Check power cable, plug**
1. Clean and dust from the plug. (using dry cloth).
2. Make sure there is no damage to the power cable.

Check environment

**Space size for using the chair**
- At least 4” from wall.

**Check surroundings**
When the backrest or legrest reclines or extends, please pay attention to:
1. Check any person or things in every direction.
2. Check the space size.

The adjustment before massage

**Environment**

- **Caution**
  - Don’t use the chair in wet places like near swimming pool, bathroom to avoid leakage or electric shock.
  - Don’t use under sunlight or near stove or other heating device to avoid upholstery deterioration.
  - Please use chair in flat place to avoid chair falling or noise or other unexpected trouble.

- **Check places in front**
  Check the areas where the back and leg are extending. Make sure no people, pets or other things are around.

- **Check power cable, plug**
  1. Clean and dust from the plug. (using dry cloth).
  2. Make sure there is no damage to the power cable.

- **Space size for using the chair**
  - At least 4” from wall.

How to move massage chair

**How to move**
- Bind the cables and put them in the seat to avoid damage when moving.
- Do not drop the chair, as internal and external parts may get damaged.
- Don’t use the castor if the floor is wood or other easy damaged material.
- Make sure the power is off and the plug doesn’t touch the floor (it’s better to let the chair in standing status to avoid the back crashing the floor).

**Normal**

- Lift up the legrest to make the gravity fall on the castor. Then push chair to destination and set it down.

**Suggestion**
- When you feel the intensity isn’t strong enough, take off the pillow or cushion.
- Because the chair is heavy, it may mark floor. Please put a blanket or other protection down to insure the floor is not damaged.
1. Switch on, press on/off key to enter POWER ON status. Press Menu or other buttons to select any auto or manual program, massage machine will start the body scanning and then do the massage. In ON status, press on/off key to power off and get the chair back to upright position. Remote control will turn off in 3 to 5 seconds.

2. In ON status, press this key to enter HOT ROCKS program. Its default time is 5mins, click this button again, it will increase the time increment by 5mins, and the maximum will not exceed 30mins. In HOT ROCKS mode, massage machine heat is turned on and it will put on the max heat.

3. In ON status, press this key to adjust the air intensity either in auto mode or air massage program.

4. Press this button in Main interface to switch to menu interface, user can set different functions for the massage chair. Press it in Menu interface to return to main interface.

5. In ON status, press this key to activate different auto modes. Six common auto modes and six special auto modes for your choice, Recovery, Relief, Stretch, Music Sync, Renew, Calming, Refresh, Energy, Revive, Active, Relax and Healing. Relative screen display is shown on the controller.

6. There are four direction buttons, Up, Down, Left and Right. In Menu interface, it’s a navigator button, user can press Up or Down to choose menu fast, and press Left and Right to enter previous or next menu. Besides, Up and Down button can be used to adjust the massage position in body detecting and point massage. In auto and manual mode, Left and Right button can be used to adjust 3D intensity.

7. In ON status and under Menu mode, press it to confirm menu choice and enter next menu.

8. Keep pressing this button, legrest goes up, release it, the legrest will stop moving. Controller screen will show position adjusting… when adjusting the position of the massage chair.

9. Keep pressing this button, backrest goes up, legrest goes down, release it, backrest and legrest stop moving. Controller screen will show position adjusting… when adjusting the position of the massage chair.

10. Keep pressing this button, legrest goes down, release it, the legrest will stop moving. Controller screen will show position adjusting… when adjusting the position of the massage chair.

11. Keep pressing this button, the backrest will go down, the legrest go up, release this button, the backrest and legrest will stop moving. When adjusting sitting position, it shows seat position adjusting… in controller screen.

12. In ON status, press this key, chair will go to zero-gravity position. Press it again to enter sleep mode. Press it once again to return to upright position. It will move like that in circles.
**Manual control**

**Menu**

Press the "menu" button in the main interface, user can set all massage function. Press the "menu" button in the menu interface will exit and return to the main menu interface.

**Auto Mode:** Press Menu to select auto mode by pressing OK. The special auto mode includes six special ones, Refresh, Energy, Revive, Active, Relax and Healing.

**Manual Mode:** Press Menu to select manual mode by pressing OK. It has six function settings including Mode, Position, Width, Speed, 3D and Footrest. Select one function, then press OK to enter next menu, select the desired massage mode and position, adjust the width and speed.

When massage chair in manual fixed point work modes, users can use up/down button to adjust massage position, information for “massage position adjusting…” will show at the bottom of the display screen.

Partial: Massage machine will center on the current position and move up and down in circles to adjust massage position.

When massage chair in manual fixed point work modes, users can use up/down button to adjust the width and speed.

When body scanning finishes, a buzzer will tick 5 times (once every second), meanwhile, the massage machine is located in shoulders position, if the user thinks the position is not proper, press Up and Down to adjust, when adjusting, "shoulder height adjusting…” will be shown on screen display. Default working time is 20 minutes. (Massage chair will turn off and return after the massage is over)

**Airbag:**

After press MENU button, choose “air pressure” through navigation key. Press "OK" button, there are two kinds of air pressure related function: Position and Intensity. Choose the corresponding function, then press "OK" to enter next menu and choose required function.

**Roller**

Press "menu" button, select foot roller massage by the navigation key, press the "OK" button, Press "OK" button, choose rolling massage mode.

**Settings:**

Press Menu, then set the language and LED light by the navigator buttons.

**Stop:**

Press "menu" key, select stop through the navigation key, it will stop massage, and go back to main interface.

**Timer:**

Press "menu" key, through the navigation key to select menu item timing, can choose massage time: 30 minutes, 20 minutes, 10 minutes, the default time is 20 minutes, the chair will turn off automatically after time is up.

**Heating:**

Press Menu and select Heat by navigation key. User can choose heat on or off. After heat is on, the heat symbol in the main interface will light up.

1. During all the auto massage, the default setting for foot roller is on, you can press stop under Roller to turn it off.
2. Under Airbag, when select Full Body or Legs & Feet, foot roller is on, press Stop under Roller to turn it off.
3. When select Upper Body or Waist & Seat under Airbag, the foot roller is off, press Quick or Soft to turn it on.

**Zero display:**

When select Upper Body or Waist & Seat under Airbag, the foot roller is off, press Quick or Soft to turn it on.

1. When select Full Body or Legs & Feet, foot roller is on, press Stop under Roller to turn it off.
2. When select Upper Body or Waist & Seat under Airbag, the foot roller is off, press Quick or Soft to turn it on.

**Note:**

- During all the auto massage, the default setting for foot roller is on, you can press stop under Roller to turn it off.
- Under Airbag, when select Full Body or Legs & Feet, foot roller is on, press Stop under Roller to turn it off.
- When select Upper Body or Waist & Seat under Airbag, the foot roller is off, press Quick or Soft to turn it on.

**Special:**

- During all the auto massage, the default setting for foot roller is on, you can press stop under Roller to turn it off.
- Under Airbag, when select Full Body or Legs & Feet, foot roller is on, press Stop under Roller to turn it off.
- When select Upper Body or Waist & Seat under Airbag, the foot roller is off, press Quick or Soft to turn it on.

**Auto-Release:**

After Power is on, the first time to use auto program, the massage chair will start body detecting, and “body scanning…” will be shown on screen display. After body scanning finishes, a buzzer will tick 5 times (once every second), meanwhile, the massage machine is located in shoulders position, if the user thinks the position is not proper, press Up and Down to adjust, when adjusting, "shoulder height adjusting…” is showing on screen display. Default working time is 20 minutes. (Massage chair will turn off and return after the massage is over)
Operation instruction and function illustration

ON/OFF

Step1. Power on
1. Put one end plug of power line to hole “a”.
2. Put power plug into socket.
3. Turn on the power switch which is on the power box, massage chair is on.
4. Press “ON/OFF” on the controller, beep tone will sound, the display will show Logo information, then enter the display interface.

Step2. Massage
1. Operate according to controller operation instruction.
2. When the massage stops, massage machine returns to the default position, meanwhile “Shutting down” is displayed on the controller. Controller turns off after 3-5 seconds.

Step3. Turn off the power
1. When the chair is On, press On/Off button to turn off the massage chair and it will restore automatically.
2. Turn off the power switch on the bottom of the back of chair after the rollers stay at storage position.
3. Unplug the power plug from the socket.

Warning
1. Before using, pull up the pillow, back cushion etc. to check if the PU material is broken, if there is damage, please stop using, unplug the chair, and call for repair.
2. Only plug in to proper socket.

Attention
1. Before sitting down, make sure there is no things pinched between armrest, legrest, backrest and seat of the chair.
2. Make sure the chair is in returned position before using.
3. Do not stand on it when using the massage chair.

Function Illustration

• Legrest Up
   Press this button on controller, legrest goes up. Release the button, legrest stops moving, the angle is locked in this position.

• Legrest Down
   Press this button on controller, legrest goes down. Release the button, legrest stops moving, the angle is locked in this position.

• Legrest up and backrest down
   Press this button on controller, backrest go down and legrest go up. Release this button, backrest and legrest stop moving, the angle is locked in this position.

• Backrest up and Legrest down
   Press this button on controller, backrest go up and legrest go down. Release this button, backrest and legrest stop moving, the angle is locked in this position.

• Zero gravity
   Press the remote control button, the back goes down, the legrest goes up. The chair then goes into Zero gravity. Press the button again to reset the chair back from Zero gravity.

Tips: Zero-gravity is based on the NASA Space capsule relaxation theory. Using the back, seat, and legrest the chair can make the angle 128 degrees between Body and legrest. This puts the heart and knee at the same level, reducing the blood circulation pressure. Not only that, but all the gravitational forces can be dispersed to the massage chair, reducing heart and spine pressure. This makes the Zero gravity position the most relaxing position possible.

Massage operation

ON/OFF

Step1. Power on
1. Put one end plug of power line to hole “a”.
2. Put power plug into socket.
3. Turn on the power switch which is on the power box, massage chair is on.
4. Press “ON/OFF” on the controller, beep tone will sound, the display will show Logo information, then enter the display interface.

Step2. Massage
1. Operate according to controller operation instruction.
2. When the massage stops, massage machine returns to the default position, meanwhile “Shutting down” is displayed on the controller. Controller turns off after 3-5 seconds.

Step3. Turn off the power
1. When the chair is On, press On/Off button to turn off the massage chair and it will restore automatically.

3. Do not stand on it when using the massage chair.
After chair returns to the upright position, put the remote control back in the pocket.

There are multiple speakers around your head. The blue-tooth wireless music player function integrates music into the massage techniques to realize a music sync relaxing therapy and effectively adjust the mood and ease fatigue.

Adjust the back cushion and pillow to the original position.

Make sure there is no people or pets or anything within the range of backrest and legrest.

Legrest extend and retract
Legrest can extend and retract within 8” automatically.

Arm massage
This Massage chair uses capsule type armrests, with built-in pulse air pressure massage functions. Put the arms between armrest’s air bags. After filling with air, kneading massage begins on the arms and hands.

Shoulder massage
Multi-layer extrusion type air bags on both sides of the shoulder, realize stretch function. The 3D massage machine pushes your body while air pressure holds on to your shoulders, allowing for body stretch function.

Warm foot therapy
Unique to this chair, two-way rotary foot kneading technique, realizing the sole function of kneading foot, combining with foot heating. It can perform the best foot massage experience.

Attention!
- After using, press ON/OFF to end all the massage method and wait for restoration. Make sure to cut the electricity to avoid any unexpected hurt to children or pets.
- After using, turn off the power, unplug the electricity.
